Sign up for coverage from November 1 - January 15.*

Visit [HealthCare.gov](https://www.healthcare.gov) to sign up for quality and affordable health insurance for 2026.

Why should you shop for health plans on [HealthCare.gov](https://www.healthcare.gov)? Plans found on [HealthCare.gov](https://www.healthcare.gov) cover essential health benefits like hospitalizations and prescription medications. They cap out-of-pocket costs and they won't charge you more for coverage if you have a preexisting condition.

Plans and pricing change every year. If you currently have coverage through [HealthCare.gov](https://www.healthcare.gov), you should still reconfirm your eligibility during Open Enrollment and complete your re-enrollment. You should also check that your payments and information are up-to-date.
